

SET 11

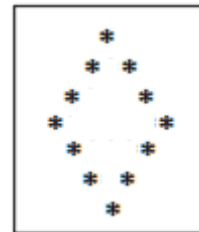

Batch ID -2018/2

(Core Java - For Loop)

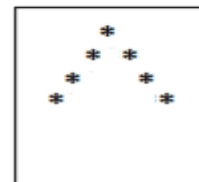

1. Write a program to get the following output

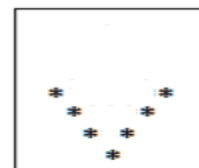

2. Write a program to get the following output

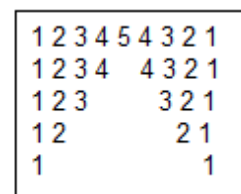

3. Write a program to get the following output

4. Write a program to get the following output

5. Write a program to get the following output

6. Write a program to get the following output

```
5 4 3 2 1 2 3 4 5
5 4 3 2  2 3 4 5
5 4 3    3 4 5
5 4      4 5
5        5
```

7. Write a program to get the following output

```
5        5
5 4      4 5
5 4 3    3 4 5
5 4 3 2  2 3 4 5
5 4 3 2 1 2 3 4 5
```

8. Write a program to get the following output

```
      5
     4 5 4
    3 4 5 4 3
   2 3 4 5 4 3 2
  1 2 3 4 5 4 3 2 1
```

9. Write a program to get the following output

```
      1
     1 2 1
    1 2 3 2 1
   1 2 3 4 3 2 1
  1 2 3 2 1
   1 2 1
      1
```

10. Write a program to get the following output

```
      1
     1  1
    1    1
   1      1
  1        1
   1    1
    1  1
     1
```
