SET 9   Batch ID -2018/2

(Core Java - For Loops)

1. Write a program to get the following output
```
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
```

2. Write a program to get the following output
```
*
**
***
****
*****
```

3. Write a program to get the following output
```
*****
****
***
**
*
```

4. Write a program to get the following output
```
    *
   **
  ***
 ****
*****
```

5. Write a program to get the following output
```
* * * *
 * * *
  * *
   *
```

6. Write a program to get the following output
```
1
12
123
1234
12345
```

7. Write a program to get the following output

```
    1
   12
  123
 1234
12345
```

8. Write a program to get the following output

```
    1
   22
  333
 4444
55555
```

9. Write a program to get the following output

```
    1
   22
  333
 4444
55555
```

10. Write a program to get the following output

```
54321
5432
543
54
5
```

11. Write a program to get the following output

```
54321
 4321
  321
   21
    1
```
